3 November 2025

To Whom It May Concern,

This letter formally recognizes p-square GmbH as a NetBox Labs Expert Partner.

This designation is awarded to partners who have demonstrated exceptional technical capability, proven delivery success, and deep domain expertise in implementing, integrating, and supporting the NetBox Labs Platform across enterprise environments.

P-square GmbH has consistently delivered excellence in:

- Designing and deploying NetBox Labs as the authoritative source of truth for network and data center infrastructure.
- Integrating the NetBox Platform with ecosystem solutions including ServiceNow, Infoblox, and leading automation frameworks such as Ansible and Terraform.
- Driving measurable customer outcomes in operational efficiency, visibility, and compliance through the use of NetBox Labs' IPAM, DCIM, and Assurance capabilities.

As a NetBox Labs Expert Partner, p-square is qualified to provide enterprise-grade consulting, deployment, and lifecycle support services for the NetBox Labs Platform. This letter reflects a shared commitment to excellence, innovation, and customer success across the NetBox Labs partner ecosystem.

We are proud to recognize p-square as a trusted and valued partner in advancing modern network and data center automation.

Sincerely,

William Lapcevic  
Chief Revenue Officer and Co-Founder  
NetBox Labs
